

## The endless felt and belt manufacturer

### From Napoleonic French Army clothes to endless felts and dryer belts

The company **Dollfus & Muller** is now more than 200 years old and manufactures specialized technical textiles: endless felts and endless belts.

It was established in 1811. Dollfus & Muller is the result of the merging of two companies in 1995: Dollfus & Noack and Manufacture Muller.

From the beginning of the 19th century these companies have been through many changes and worked in many business areas, but already in the 1850's started to manufacture technical textiles.

Today, Dollfus & Muller is a leading manufacturer of endless felts and dryer belts especially for the Textile finishing and Tanneries.

Dynajet is a sales department of Dollfus & Muller specialized in fabrics for ink jet printers and wide widths fabrics for theaters and events.

### Dollfus & Muller product range

Dollfus & Muller manufactures endless felts and dryer belts for the textile finishing and nonwovens factories:

- compacting felts for knit finishing
- sanforizing felts for denim and woven fabrics finishing
- printing dryer belts for textile printing
- sublimation blankets for transfer printing
- decatizing felts for wool finishing
- dryer belts for thermo-bonding ovens
- tensionless dryer belts for knit finishing

Dollfus & Muller improved the compacting felt for knit finishing with major evolutions versus the other products in order to serve better the dyeing houses. The compacting felt quality brings a special care to the fabrics thanks to its smoothest surface, has an excellent guiding and the best compacting rate in relations with its new exclusive compacting felt design.

The Dollfus & Muller sanforizing palmer felts are ideal for Denim producers. The Dollfus & Muller Sanfor felts are recognised by most of the major machine makers as the best felts.

Furthermore, Dollfus & Muller manufacture durable printing dryer belt qualities. These print dryer belts are the most durable printing dryer belt specially designed for pigment printing of bed sheeting. Dollfus & Muller has its exclusive print open mesh belt specially designed for the production of fine fabrics, scarves, flags, these belts have special non marking surfaces which

can avoid as well the particles on the back side. Dollfus & Muller has the widest range of printing dryer belts and the strongest dryer belts.
